

AUGUST 2024 REPORT FROM ROMANIA

Summer Ministry • Outreaches • Churches

Bless you in the name of the Lord!

Praise the Lord for we're alive on the Father's Truth Way to heaven!

This is the highest reason to and live in peace, if somehow, you're hopeless and unhappy rejoice by glorifying our God and Lord!

Another year to be glad of God's goodness for our kids! teenagers and the youth who were delivered, saved and blessed in many ways at this year's summer camping for the Lord.

Here a fresh report from Romania: These are just abbreviated reports and life changed stories.

On this year children ministry a few couple towns were first reached to have their own local children summer outreach, these are; Bistret, Izlaz and Calimanesti. Pastor Gigel shares that they had the privilege to minister child and infant benediction for several kids, for the few families who were in a Christian outreach meeting for their first time. The whole families, parents and kids one by one were prayed for. Some were delivered from evil vices and bad addictions through prayer while committing their lives to Christ.

Some little kids really enjoyed being served delicious food and snacks.

Summer Camp - Danube River areas – Trying new foods is fun!

Some were prouder as they ate it for some things for the first time, like pita, hamburgers and other specially prepared city meals. Sure, they had celebrated like inaugurating new

beginnings. They self-invited and loved to see it coming back again to them and be part of it, as in the music, singing and Bible drama plays. **Daniela Potcovaru, a single mom caring for her three small kids,** gave her heart to Christ and asked us to hold and bless all her kids while she found love and rest, a new hope in Jesus as her life closer partner.

was delivered by our regional pastors and ministry leaders.

The second southern camp took place around Motru regions which covers Gorj and Dolj counties as around 150 little children attended, as well some parents were present with their small kids. The Lord's presence manifested among us either while the worshiping service time, while preaching or teaching the special group seminars. The little ones, as well teenagers and youth were either saved, healed or dedicating themselves for Christ ministry to help and bless others find their way to heaven.

Pastor Milo and Nina were assisted by several other local church pastors spread over this spiritually barren region of Romania where evangelism and church planting is at home. Pastor Milo excitingly shared with me the joyful fulfillment of the church leaders who had joined forces into this priceless ministry which is known that year by year had produced much fruit. Particularly, this camp reaped souls afresh in the new harvest, through the heavenly encounter meetings young boys and girls came in tears pleading with our pastors to be water baptized as they want not to lose this momentum but want to vow their lives to Christ alone. Consequently, a basin filled with water was produced where and here a new generation of leaders for Christ were baptized making the vocal peculiar commitment to follow the Lord over all the days of their lives.

Besides continuous outreaches in Romania, a new focusing ministry is Serbia. Since a while the evangelistic and plant church Life Center ministry reaches the spiritually most spiritual bare and arid country of Serbia. The first start was in the Romanian populated areas closer to the border of Romania. Here we speak about the town of Deliblato where most people are the Romanian language speakers. However, for over a century they were born in lived in this today's territory which now is part of Serbia as natives of this religious culture. Sure, today is more than a challenge to change their mental religious living, however, in God's power everything is possible. Lately we ministered in Deliblato, a large

“Before we came in, there were two older ladies ... lonely, isolated..... now a dozen believers....”

town of over ten thousand people. Before we came in, there in were two older ladies who lived lonely isolated, calling themselves evangelicals but not sure what confession they were a part of. Now after several months of hard work the number increased to about a dozen full Gospel believers. Now from this point sharing the true Gospel becomes more accessible and accepted. Now, the newly formed congregation were given to use an abandoned building which many years ago a rather rich Christian

believer tried to build up an evangelical church. But the old man died several years ago, and the few people with him were lost away. Now after many years the building was given to the new group of believers.,

planting church in
Serbia**

Now they had repaired and remodeled it for the use of their new outstanding church, but this time the church is built by the power of the Holy Spirit, not anyway but different doctrines.

Praise the Lord for the abundant grace shed over this people of Serbia, if there are you some feeling a God's love for Serbians and Romanians living there, then, please spiritually and materially let's invest in these dear people. Ourselves, have to drive over 70 miles from Timisoara to come and help this church develop as for now is pastored by our counseling pastor from Life Center, Tica Stroia. However, just traveling all the way there while building and riding ministry teams from Romania into Serbia involves time and high expenses to make all its work well. Including the expenses of leadership training to raise up a local leader for the church, this stretches even the more our time and money. Please pray for us to stand this breaking groundwork.

The local church leader in the ministry Claudiu Feca a long time ago shared with me a vision he got to raise up ministry support through a business endeavor and asked me to back him in prayer for the Lord's inspiration, given him divine guidance. Brother Claudiu is the husband of medical doctor Denisa, whom we helped to build up the Christian clinic in the little town of Poiana Mare, Dolj.

The Lord blessed him to make a deal to buy land for a low price in 2021, this rather is a large piece of land on the edge of the town.

Now he has just started to dig and build up a poultry farm and other animals from what they can make locally a good source of support income, maybe cows and goats too.

Sure, still he didn't get the money, or knowing the source of it, but he knows God will provide and lead him step by step. For now he with another man dug this large animal shed foundation and deepened and raised the strong foundation with the stone and cement. Besides, he told me that so far, our Lord provided that the brick already had been purchased, also the cement and the sand for the mortar brick filling too. And he is doing the man's work assisted by another young man closer to him, but hoping the Lord will add other men to offer him a day or two to work with him to get this part of the building done. But the available funds or any source binds up here or is drained up after the walls are set up. Specially, Claudiu asked for our prayer support that the Great Provider at the right time to intervene and bring this project to the

finishing line. All this is for the sake of this worthy ministry he does for the Kingdom of God.

If there is any financial help coming through us as by our CCFR friends, please let me know, as I know well, a thousand, a few or several thousand will do greatly to see this ministry work brought to the finishing line. With God everything is possible!

Blessings, and thanks for reading this letter!

The Lord is with you!
