

July 2017

# Christ Commission For Romania

**PTL!** For the seventh month of the year, is shown to be a fruitful month of the summer harvest. On the 4<sup>th</sup> July here in America we celebrated God's given freedom to this great nation, where I was sheltered out from an oppressive communism rule. But as we know, the real meaning of independence is a full dependency on God. Besides being free from the evil rulers of the world, we need to pray away the evil rulers who are rising up inside this free country. Last year I saw this free adopted country turning to look more and more like my former oppressive country.

The Bible clearly teaches, that we should not make ourselves slaves to anyone or anything, and that included the dependency on the governing state whose desire is to control everything in us. Our supreme master should be only our great God, and King Jesus whom we trust to the uttermost!

## Medical Need Community Emergency Project

Here is another emergency project brought to your attention for much prayer and consideration.

Bishop Gigel Ignat oversees the vast southern Danube River area. He called me and with great humbleness told me about an opportunity they have for a medical clinic to serve the people in the poorest region of Romania! This Wallachian region was for centuries churchless. The people lived mostly under the Ottoman Empire or Communism rule.

Close to Danube River by the Bulgarian border lays the largest village of Poaina Mare, a church was planted there. We saw first hand people struggling with many medical impediments. They have no medical help in their area. The same is true in many other small villages around.

Denisa Feca is a new school graduate with a general doctor license, she married Claudiu Feca, a young man believer from the town. He is a fresh strong qualified leader, trained to do ministry work, reaching the unsaved.

Doctor Denisa is fully enabled to give a medical care and wants to help those without means. The closest hospital is far away from their reach.

A building that can serve as a medical clinic became available.

The project is only \$12,000. Myself, I feel we should not miss this opportunity to buy it and have Denisa do the medical care ministry for these needy precious people. She will be paid a government salary.

The region pastor told me they will be able to raise \$4000 reaching all their other church resources around the area.

Now, the need is for \$8000.00. What a big blessing it will be for the sick people who are struggling with many ailments and illness, other may be dying in their homes because of lack of a hospital or a doctor. This will be a great testimony while witnessing the Gospel of salvation to needy patients, and I'm sure many will come to hear it for their first time!

I am praying someone will rush to pick up on this great project. Please stay joined with us in prayer, and praying you may be able to fill it yourself, this would be a great relief for me and a real joy for the precious people in need.

## A Bible for Each Home – And a church project - Praise Report

PTL for the saints Abram's family who by Focus International Ministry had provided \$2000 for Bibles for each home in the eastern region of Urziceni. I heard of another pending pledge of \$2000 from another family, please pray that all the \$6000

for the Bibles project be provided.

**Moldoveni Church** was planted through the ministry of Pastor Costel Gramada but the building still needed completion. We need to finish the main sanctuary, lay the wood floor, install the heating system, furnishing chairs, etc.

Now, half of this project was provided by the same family and ministry mentioned above, while another \$2000 is still needed to fully finish the church.

Thank the Lord for these wonderful ministries and outstanding believers like Fiddlers and Abrams for bringing abundant life and relief!

## Praise Report for Orsova Church

by the Danube River, right on the border of Serbia.

The church had been planted not many years ago and was in the emergency need of a roof, the older roof was badly leaking, slowly destroying the rest of the building. The building was in need to be enlarged and remodeled

The roof emergency need was for \$3000. Thank you Lord for the World Missionary Evangelism and Bishop Dale

Yerton who answered the Lord called to pay up for the roof, and now the building is safe to work in.

The church building from the beginning had been half finished just to enable the church to hold services. They are struggling to raise the funds to finish.

**The Orsova Church Project** still needs about \$20,000 to fully finish construction. We want an outstanding church as it should be for the Lord. The church members have an average to low to not at all income but on their own raised more than \$6000.

If you would be able to help this project please let us know, knowing that will bless the precious hearts of these new believers. Having a real home building of their own encourages them to invite their friends to visit their lovely church.

Even if you can't help, please pray with us that the Lord will provide and at the right time the work be finished, before the winter season!

### **Our sister Dana from the New Church planted in Salcea.**

Dana was the first fruit of the village to receive the Lord Jesus as her personal Savior and Lord. But today she is on the edge of despair and brokenness, Dana has three kids but the little one has a brain tumor, one brain surgery was performed already, but one more is needed.

He must go in for regular checkups, and it's a very long distance to a Bucharest hospital. She has trip expenses and partly paying for the medical care expenses also. The whole bill runs very high. It will be wonderful to help her, easing this painful situation. There is a time to rescue someone by providing an immediate life boat to rescue a precious kid from death.

Furthermore considering the church in Salcea started with children and teenagers who were coming to hear Jesus story, the Gospel stories, singing songs and praying together, and little George is one who stood in the congregation with them.

The traveling and medical expenses added by now will be up to \$1500

Pray for the spiritual breakthrough of Salcea town, for many more parents to join their kids to come and worship the Lord. And pray the widow and the older flocks may flood in and be saved.

**Pray for the Months of July and August summer Camps,**

most of our camps are running the month of July and some may end up on early August! This season for us is a time of intercession prayer so whatever the Lord may have in the store for these kids they may fully receive. Like most of you this summer I'm standing behind the scenes to watch and pray as I'm in America attending some conferences and visiting our faithful friends. But there is a much need. Pray for a spiritually move of God so all the kids and young people will be rescued and forever saved.

This way, the Lord will multiply our little given, transform our little into heavy rewarding talents putting us in charge of many things here, and given us many cities to rule in Romania, the world and His Kingdom to come!

*Matthew 25, and Luke 19.*

With Love and Prayer,

*John & Viorica Dolinschi*

Desa's new planted church is full to the brim.
