

## NEWSLETTER OF LATE JUNE, EARLY JULY 2024

Greetings in the presence of the Lord Jesus our strength of life living!

As humans we must do our own part to humble ourselves and worship Him by our living spirit while bending our soulish submission only to Him alone. Then just watch Him use you according to your extraordinary purpose to benefit you. This was provided individually to each one of us identified by Christ love and peace in us.

In the previous letter I promised you to continue with our new Suceava Bible church outreaches. They involve each believer to bring changes in practical ways near where they live. Wasn't this the apostolic mandate given to all of us, the believers!

The backbone of this church is its founder Rev. Daniel Baltaru whose team vision reaches the unprivileged ones, the little poor and the orphan kids, impoverished families, as well as spiritual and

physical prisoners. Daniel was one of the first generations graduate of CCFR Suceava Bible School which lastly was led by our late friend, Nicu Gramesc.

**One of the lasting ministries was to raise prison ministry leaders.** This ministry name is: "Spending a day with your father" It means our leaders are spending time inside with the prisoners, substituting the image of a friendly loving father image for the wretched man. Most prisoners grew up in broken families or just fatherless or motherless kids. However, this personal ministry brought out much fruit as the dejected cast downs received the unique favor to know the love of our heavenly Father who loves and cares for each one of them.

Here a couple of rescued testimonials:

**Leonard Grindei, Stefanesti, BT.** told us, outside the prison cell I had only evil mean friends who used drugs and alcohol, but here we found what is the real love of a true father and my eyes had been opened that here is a new way to take. Outside prison I new nothing about faith in God or caring for people but while here my heart was changed to believe God and love mankind. As a result, I'm happily married we have two beautiful kids I dearly love.

**Mihai Tibici, Liteni, SV.** Until the age of 47 I grossly sinned and did only bad things while hurting people. I didn't read any Bible at all. Here I learned to be a new obedient pupil learner, every day I read the Bible you blessed me with. With the Bible deep words intersecting with your love for me, then I'd seen the Bible is God's truth letter for all of us. Now, spiritually and physically I'm fully delivered, a real feel of a free man, besides I'm living happily with my new found friend, Jesus my Lord.

**Constantin Roman, Dorohoi, BT.** Here my spiritual father taught me about the faith in Jesus who forgives and blots out all my past sins. Before I was sure God will never forgive my gross sins. Then in one of the meetings I felt the overwhelming peace when I knew Jesus had forgiven my sins and made my heart and mind clean. Then loudly I exploded, thanking Jesus for His mercy favored me. Next I declared my vows that I will serve Him through the end of my life, as all me and of mine belongs to Him. Then I vowed that I will never gamble for gaining money, never robbing or stealing anyone, hurting people around me but instead I'll help them with whatever I can.

**Stefan Corduneanu,** until here I had doubts that God was for real and anyone super being is there to watch for us. My belief was there is not a personal God caring to know me. But here miraculously I was convicted in myself and turned me to know for sure, God not only exists, but He is my own father who loves and cares for me. Jesus is my personal close friend; He loves me and found out I love Him, sure I will worship and serve Him for life.

*Preparing for camps*

**Besides making disciples, Suceava Church reaches** is reaching the poor families by the Word and deeds while their poor souls are finding Christ.

Now the church ministries are preparing for the summer camps, finding and inviting other needy families and kids. They instruct their Christian kids and youth for active involvement to serve in the camp.

Is great to serve the Lord as a family, isn't it!

### Now back to Oltenia southern region, pastor Gigel Ignat.

This year summer camps are approaching a new phase as over the years this outreach produced much fruit.

### Here are some testimonials of the past summer camps.

**Daria Maria Calin**, as a child attended a few camps, now as a young girl decided to follow Jesus, and asked to be water baptized. We asked her, why, she said the Holy Spirit told her to do it while in the last year camp. Then immediately she became a powerful worship leader and singer serving wherever she is needed.

**Tabita Mihailescu** attended last year's camp and early this year came to church and decided to receive the real Christian baptism, and asked how she may get filled with the Holy Spirit. Sure, Jesus was happily smiling to hear a dear soul's craving to make peace with Him.

*A group including Daria calin and Tabita Mihailescu*

**Estera and Naomi Malacu**, are two sisters who attended a couple of past camps where both were saved and then pleaded with us to be water baptized.

These are just a few life stories showing how these summer camps is building up eternal stories that will last forever.

**Please invest into these younger souls** to usher them into the Kingdom. This year again kids and youth will get fully exposed to the salvation Gospel and meeting Jesus at the door. Now just imagine carrying a younger Romanian disciple in your own love Kingdom carriage, riding these souls toward their eternal destiny.

### New Church building faith project

*Estera & Naomi Malacu*

The new church of Bistret has taken a huge step of faith to build rather a large building for the quickly growing church that was planted not long ago.

I told the local leader Mirel (who serves under the leadership of bishop Gigel Ignat) that building is a serious step of real faith seed which is supposed to grow until is given to God's use. And if the Lord leads you Mirel to do it, then this would be done as the Lord always provides for what He initiates and gives you the blueprint of it. Then He will guide you step by step. Here you may look to this building as already had been finished, this is faith in Him and not on the rich men who got the money though they may be just your little helpers. Then after a while he did it by activating this faith and started with digging the foundation and used his own money for cement.

*Gigel Ignat in front of church*

Sure, afterwards, I did help a little with what I got in my hands. But this is the way I'm training all the disciples I'm directly serving for His glory; first allowing themselves to be led by the Spirit and trust God on everything, and not rely on me and other people or organizations. I do this because their tendency is to rely on me or someone else, like pastors and churches from America. So, I don't allow myself or others to be used by them on becoming their begging pleading "faith answers" (wrongly named). This like the Israelites using Moses, receiving, taking and blaming him for everything if didn't go all right. But here and now, we have Jesus who is here to help me and you at any time we allowing Him to get in to do it. Finally, the Lord is our Great Sourcing Provider while He uses other resources to fulfill each of our needs. Sure, then He may use me, yourself, another person or a taken up a couple of our prayer partners who are reading about these needs and projects I do bring monthly to you.

Please join up in the unity of the Holy Spirit as one person, let's pray for this house of the Lord's meeting church to be well built and finished, then filled with saved people while reaching others to be rescued and saved for eternity.

A \$4500 provided here will close up the building with a roof over it. And then will be easy to work on it step by step, here no one is paid for the job but they volunteers their time, offering their qualified jobs for the Lord.

Thanks for siding with me, especially with these violent people for the Lord!

Looking forward to hearing from you,  
John & Viorica Dolinschi
